Summary:
The Air District recently awarded FCRTA a $3,062,593 grant to purchase four (4) forty (40) foot zero emission electric buses (Proterra) and for (4) depot chargers. FCRTA has a match requirement of $838,312, which consists of $335,325 cash match and $402,987 in the form of in-kind match. The cash match is in the annual budget specifically for this project. ### 3. CONSENT ITEMS

#### A. 2018-2022 Short Range Transit Plan for the Rural Fresno County Area

**Summary:**
The Short Range Transit Plan (SRTP) for the rural Fresno County Area has been developed by the Fresno Council of Governments (Fresno COG), and updated by FCRTA in cooperation with the Cities of Coalinga, Firebaugh, Fowler, Huron, Kerman, Kingsburg, Mendota, Orange Cove, Parlier, Reedley, Sanger, San Joaquin, Selma, the County of Fresno, and the Fresno Economic Opportunities Commission (FEOC). The SRTP for the Rural Fresno County Area provides a five (5) year action-oriented program to implement the Public Transportation Element of the Regional Transportation Plan (2014). The SRTP as implemented provides a basis for local governments to demonstrate that the public transportation needs within their jurisdiction have been, and may continue to be, reasonably met.

Fresno COG, acting in its capacity as the Regional Transportation Planning Agency for Fresno County is required by the Transportation Development Act to annually make findings that public transportation needs have been reasonably met before it may approve local Transportation Fund claims for street and road projects. The services and ridership data are continually monitored and evaluated to determine beneficial modifications and/or Plan amendments. Public involvement is continually sought in conjunction with the ongoing planning and implementation process. This document is a direct result of that process and is updated every two (2) years. The SRTP for the Rural Fresno County Area serves as a valuable resource document of specific information for citizens and local elected officials. The document is available for your review on the Fresno COG website: [www.fresnocog.org](http://www.fresnocog.org) and FCRTA website: [www.ruraltransit.org](http://www.ruraltransit.org) effective March 27, 2017.

**Action:**
Staff recommends approval of the 30 day public review process starting March 27, 2017 with a proposed April 27, 2017 adoption following a public hearing.

#### B. Title VI of the Civil Rights Act of 1964 Program Updates as required by the Federal Transit Administration (FTA) and Caltrans

**Summary:**
Our current Title VI program expires 6/30/2017 and to continue to be eligible for State and Federal funding, FCRTA is required to update the program. This update has been submitted to Caltrans for a preliminary review before it is sent to FTA for final review and approval. Any and all updates will be incorporated into the document during the review period before final Board

**Action:**
Staff recommends approval of the 30 day public review process starting March 27, 2017 with a proposed April 27, 2017 adoption following a public hearing.

4. **OTHER BUSINESS**
   **Items from Staff**
   - Moses addressed the Board with handouts of the UnMet Transit Needs Public Hearings in the City of Orange Cove, City of San Joaquin and City of Clovis. These are annual Unmet Public Hearings held for transportation needs through the COG. FCRTA is the primary transit operator in the rural communities and host these meetings to get comments from the general public as well as elected officials. The meetings went well and the report will be coming back from the SSTAC committee in the event you may have any questions.
   - Also, a good article that was published a few weeks back and the reporter promised that she wouldn’t print it until we had a ribbon cutting in one of the locations because I wanted to get all the units to the cities but they were very anxious because of the fact we’re the first county that’s installing these units. The photo in the article is in the City of Kingsburg behind the library parking lot and doesn’t have signs installed. The 3 signs – one is reserved for electric vehicles only, one for city vehicle – the other is for general public use only.
   - Moses congratulated everyone on the effort in getting all this done. Moses, also apologized to the City Managers and Public Works because I was pretty tenacious on getting them to coordinate the delivery during the winter months.
   - Mayor Lopez (Orange Cove) personally thanks Moses in behalf of the City of Orange Cove and the community for all that Moses has done.
   - Moses stated that now is the time to apply for funding to purchase electric vehicles and also residents to apply for funding for electric vehicles.
   - The Local Air District & Air Resources Board and California Energy Commission are starting to publicize offering additional funding to Fresno County for like projects.

   **Items from Members**
   Mayor Leon (Huron) thanked Moses for excellent job and hoping electric buses will come to their community soon and appreciate all his work.

5. **ADJOURNMENT at 7:45 p.m.**

   Respectfully submitted.

AGREEMENT

This Agreement is made and entered into this ___ day of __________, 2016 and is in effect between November 1, 2016 and June 30, 2020, by and between the SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT (District), a unified air pollution control district formed pursuant to California Health and Safety Code section 40150 et seq., and Fresno County Rural Transit Agency, (Contractor).

WITNESSETH:

WHEREAS, despite major reductions in emissions and corresponding improvements in air quality, the San Joaquin Valley continues to face difficult challenges in meeting the federal ambient air quality standards; and

WHEREAS, the California Global Warming Solutions Act of 2006 (Assembly Bill (AB) 32; Nuñez, Chapter 488, Statutes of 2006), establishes the Low Carbon Transportation Greenhouse Gas Reduction Fund (GGRF) Investments and the California Alternative and Renewable Fuel, Vehicle Technology, Clean Air, and Carbon Reduction Act of 2007 (AB 118, Nunez, Chapter 750, Statutes of 2007) establishes the Air Quality Improvement Program (AQIP), which authorizes the California Air Resources Board (ARB) to administer the Zero-Emission Truck and Bus Pilot Commercial Deployment Projects; and

WHEREAS, under AQIP and GGRF, ARB issued the solicitation entitled “Zero-Emission Truck and Bus Pilot Commercial Deployment Projects” on October 1, 2015, to provide funding for projects that would help accelerate the deployment of a variety of commercially available medium- and heavy-duty zero-emission vehicles by placing a significant number of zero- and near zero- emission buses, freight, and delivery trucks in strategic truck and bus hubs; and

WHEREAS, District submitted the San Joaquin Valley Transit Electrification Project (Project) in response to ARB’s solicitation and on April 14, 2016
ARB notified District of preliminary selection of its Project which lists Contractor as a participant of the Project; and

WHEREAS, on June 16, 2016 District's Governing Board authorized the Executive Director/APCO to enter into agreements with ARB and subcontractor(s), as necessary, to administer and implement District's projects selected for funding through the Zero-Emission Truck and Bus Pilot Commercial Deployment Project; and

WHEREAS, on November 14, 2016 District executed grant agreement G14-LCTI-12 with ARB to perform the activities set forth therein; and

WHEREAS, Contractor represents that it is willing and able to perform the activities set forth herein.

NOW, THEREFORE, based on their mutual promises, covenants, and conditions, the parties hereby agree as follows:

1. PROJECT

Contractor shall receive grant funding provided by ARB and administered by District to implement the Project by purchasing and deploying four (4) Proterra battery-electric extended-range zero-emission public transit buses, and arranging for the installation and deployment of four (4) Proterra depot chargers in the Contractor's jurisdictions and other requirements set forth in District's ARB Award Agreement; attached hereto and incorporated herein as Exhibit A. Contractor agrees to furnish all labor, materials, equipment, licenses, permits, fees, and other incidentals necessary to perform and complete per schedule, in a professional manner, the services described herein. Contractor represents that Contractor has the expertise necessary to adequately perform the project specified in Exhibit A.

In the event of any conflict between or among the terms and conditions of this Agreement or the exhibit incorporated herein, such conflict shall be resolved by giving precedence in the following order of priority:

1. The text of this Agreement
2. Exhibit A to this Agreement
2. PERIOD OF PERFORMANCE/TIMETABLE

Project Term for this Agreement shall be from November 1, 2016 through June 30, 2020. Contractor shall commence performance of work and produce all work products in accordance with the work schedule and deadlines for performance identified in Exhibit A within the Project Term, unless otherwise extended in writing by District and as approved by ARB, or if this Agreement is terminated sooner as provided for elsewhere in this Agreement. Modifications to this Agreement to allow due date flexibility are subject to the terms specified in Paragraph 22 of this Agreement and as identified in Exhibit A.

3. REPORTING REQUIREMENTS

District is required to provide ARB status reports at a minimum of three-month intervals for the duration of the Project Term, and provide ARB a final report at the completion of the Project. Contractor must provide District information necessary to complete status reports and the final report as required and identified in Exhibit A. Contractor must provide the District the necessary information to complete status reports two (2) weeks prior to required submittal date to ARB. Contractor must provide District the necessary information to complete the final report thirty (30) days before it is due to ARB.

4. STANDARD OF PERFORMANCE

Contractor, its subcontractors and their employees, in the performance of Contractor's work under this Agreement shall be responsible for exercising the degree of skill and care required by customarily accepted good professional practices and procedures used in the Contractor's field.

Any costs for failure to meet the foregoing standard or to correct otherwise defective work that requires duplicate performance of the work, as directed by ARB or District, shall be borne in total by Contractor and not ARB or District. The failure of a project to achieve the performance goals and objectives stated in this Agreement is not a basis for requesting duplicate performance unless the work
conducted by Contractor and/or its subcontractors is deemed by ARB or District to have failed the foregoing standard of performance.

A. In the event Contractor or its subcontractors fail to perform in accordance with the above standard:

1. Contractor will perform again, at its own expense, any task which was not performed to the reasonable satisfaction of ARB or District. Any duplicate performance pursuant to this paragraph shall be completed within the time limitations originally set forth for the specific task involved. Contractor shall incur any overtime required to meet the deadline for the task at no additional cost to ARB or District;

2. ARB and District shall provide a new schedule for the duplicate performance of any task pursuant to this paragraph in the event that such performance of a task within the original time limitations is not feasible; and

3. District, under the direction of ARB where necessary, shall have the option to direct Contractor not to repeat the performance of any task which was not performed to the reasonable satisfaction of District and/or ARB pursuant to application of (1) and (2) above. In the event District directs Contractor not to repeat the performance of a task, District and Contractor shall negotiate a reasonable settlement for satisfactory work performed. No previous payment shall be considered a waiver of District’s right to reimbursement.

Nothing contained in this section is intended to limit any of the rights or remedies which ARB or District may have under law.

5. INDEPENDENT CONTRACTOR

In performance of the work, duties, and obligations assumed by Contractor under this Agreement, it is mutually understood and agreed that Contractor, including any and all of Contractor’s subcontractors, officers, agents, and employees, will at all times be acting and performing as an independent contractor and shall act in an independent capacity and not as an officer, agent, servant, employee, joint venture,
partner, or associate of District. Furthermore, District shall have no right to control or
supervise or direct the manner or method by which Contractor shall perform its work
and function. However, District shall retain the right to administer this Agreement so as
to verify that Contractor is performing its obligations in accordance with the terms and
conditions thereof. Contractor and District shall comply with all applicable provisions of
law and the rules and regulations, if any, of governmental authorities having jurisdiction
over matters the subject thereof.

Due to its status as an independent contractor, Contractor shall have
absolutely no right to employment rights and benefits available to District employees.
Contractor shall be solely liable and responsible for providing to, or on behalf of, itself
all legally required employee benefits. In addition, Contractor shall be solely
responsible and save District harmless from all matters relating to payment of
Contractor’s employees, including compliance with social security, withholding, and all
other regulations governing such matters. It is acknowledged that during the Project
Term of this Agreement, Contractor may be providing services to others unrelated to
District or to this Agreement.

6. FUNDING

A for Contractor’s part in the Project. Prior to the end of the Project Term, Contractor shall provide District sufficient documentation substantiating match requirements have been fully committed.

8. FINANCIAL RECORD

Without limitation of the requirement to maintain project accounts in accordance with generally accepted accounting principles, Contractor must:

1. Establish an official file for the Project that will adequately document all significant actions relative to the Project;

2. Establish separate accounts that will adequately and accurately depict all amounts received and expended, including match contributions as identified in Paragraph 7, on the Project;

3. Establish separate accounts that will adequately and accurately depict all income received and expended on the Project; and

4. Establish an accounting system that will adequately depict final total costs of the Project, including both direct and indirect costs.

Contractor can only bill for actual expenses incurred, as set forth in Exhibit A, with flexibility as allowed and pre-approved in writing by District in accordance with Exhibit A.

Advance payments shall not be permitted without expressed written consent by District. Payments shall be permitted only at such time that equivalent services have been satisfactorily rendered. District shall reimburse Contractor after receipt and verification of a properly supported claim for payment and after the claim for payment has been approved by District and ARB, and payment from ARB has been received by District.

District will submit Contractor claim for payment and invoices to ARB for approval and reimbursement within thirty (30) calendar days of receipt, verification,
evaluation and, if necessary, inspection by District staff, of a properly supported District

Email:                   David.Lopez@valleyair.org

Following review and payment from ARB, payment received by District
will be issued to Contractor.

District may deny reimbursement if claim for payment forms or invoices
are erroneous or incomplete, if the proper supporting documentation is not received, or
if the claim for payment was deemed ineligible, in whole or in part, by District and/or
ARB. District is not responsible for reimbursement to Contractor for claims, invoices,
expenses or other reimbursement requests deemed ineligible and/or non-reimbursable,
in whole or in part, by ARB. Contractor will only be reimbursed for eligible items as set
forth in Exhibit A.

The amount to be paid to Contractor under this Agreement includes sales
and use taxes, if any, incurred pursuant to this Agreement, including any such taxes
due on equipment purchased by Contractor. Contractor shall not receive additional
compensation for reimbursement of such taxes and shall not decrease work to
compensate therefore.

10. SURPLUS FUNDS

Any compensation not expended by Contractor pursuant to the terms and
conditions of this Agreement by the Project Term end date shall automatically revert to
District. Only expenditures incurred by Contractor in the direct performance of this
Agreement within the Project Term as identified in Paragraph 2 will be reimbursed by
District. Allowable expenditures under this Agreement are specifically established and

modified or this Agreement terminated at any time by giving Contractor written notice
thirty (30) days prior to such modification or termination.

13. USE OF FUNDS RESTRICTION

Contractor agrees that funds under this award cannot be used for
emissions reductions that are mandated under federal, state, or local law. This refers to
specific compliance dates within the mandate, not when the mandate is passed.
Voluntary or elective emissions reductions measures shall not be considered to be
"mandated," regardless of whether the reductions are included in the state
implementation plan of a state.

District may immediately suspend or terminate this Agreement in whole or in part where, in the determination of District and/or ARB, there is

1. An illegal or improper use of funds;
2. A failure to comply with any term of this Agreement including Exhibit A by Contractor;
3. A substantially incorrect or incomplete report or deliverable submitted to District by Contractor; or
4. An improperly performed service and/or improperly completed project.

In no event shall any payment by District constitute a waiver by District of any breach of this Agreement or any default, which may then exist on the part of Contractor. Neither shall such payment impair or prejudice any remedy available to District with respect to the breach or default. District shall have the right to demand of Contractor the repayment to District of any and all funds disbursed to Contractor under this Agreement which in the judgment of District were not expended in accordance with the terms of this Agreement. Contractor shall promptly refund any such funds upon demand.

Contractor shall, upon request by District and/or ARB, permit District and ARB to audit and inspect all such records and data necessary to ensure Contractor's compliance with the terms of this Agreement.

If deemed necessary, Contractor shall be subject to an audit by District and/or ARB or its authorized representative to determine if the funding and revenues received by Contractor were utilized as provided by law and this Agreement. If, after audit, District makes a determination that funds provided to Contractor pursuant to this Agreement were not spent in conformance with this Agreement or any other applicable provisions of law, Contractor agrees to immediately reimburse District all funds determined to have been expended not in conformance with said provisions.

Upon written request from District and/or ARB, Contractor shall provide detailed documentation of all expenses at any time throughout the project. In addition, Contractor agrees to allow District and/or ARB or their designated representative, upon written request, to have reasonable access to and the right of inspection of all records that pertain to the project during the Project Term of this Agreement and for a period of three (3) years after the end of the Project Term, unless District notifies Contractor, prior to the expiration of such three-year period, that a longer period of record retention is necessary. Further, Contractor agrees to incorporate an audit of this project within any scheduled audits, when specifically requested by the State. 18. FALSE CLAIM

Contractor is advised that providing false, fictitious, or misleading information with respect to the receipt and disbursement of ARB and/or District grant funds may result in criminal, civil, or administrative fines and/or penalties. Contractor, and its sub-grantees, must promptly refer to Office of the Inspector General and District any credible evidence that a principal, employee, agent, sub-grantee contractor, subcontractor, loan recipient, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving funds provided under this grant or sub-grants awarded by District.

19. CONFLICT OF INTEREST

No officer, employee, or agent of District who exercises any function or responsibility for planning and carrying out the services provided under this Agreement shall have any direct or indirect personal financial interest in this Agreement. Contractor shall comply with all federal and state conflict-of-interest laws, statutes, and regulations, which shall be applicable to all parties and beneficiaries under this Agreement and any officer, agent, or employee of District.

20. COMPLIANCE WITH LAWS

Contractor shall comply with all federal and state laws, statutes,
regulations, rules, and guideline that apply and obtain any and all permits required to
its performance under this Agreement and those specified in Exhibit A, including
California driving eligibility, financial liability, prevailing wage and/or public works laws.

Contractor shall include the nondiscrimination and compliance provisions
of this clause in all subcontracts to perform work under this Agreement.

22. MODIFICATION

written consent of all the parties without affecting the remainder. Determination of
whether a change to the Agreement is significant or nonsignificant will be at the
discretion of the District and may be subject to ARB approval.

These proposed adjustments to the due dates for tasks will be submitted to ARB during the quarterly reporting process as specified in Exhibit A based on recommendations by District and/or Contractor and may be subject to approval by the ARB. Contractor will be provided notification if ARB does not approve of the recommended changes to the
due dates for tasks. District will work directly with Contractor to ensure all adjustments to the Work Statement in Exhibit A are reasonable and adequate to complete the Project in a satisfactory manner by the Project Term end date of the Agreement.

If deemed necessary, Contractor may submit a budget reallocation request to District for Project eligible expenses. All budget reallocations must be approved by the District in writing and may require the approval of ARB.

If at any time Contractor finds it necessary to subcontract with a party other than those heretofore identified, and such party has obtained prior, express written consent of the District, such party agrees to secure a payment bond from its respective subcontractor in a form acceptable to the District, unless the District expressly agrees to waive the payment bond requirement. In addition, any party authorized to subcontract all or any part of this Agreement shall ensure that the following contract terms are included in writing in all subcontracts, subject to District approval:
