A. Acquisition of Additional Land in the City of Selma for Maintenance Facility [APPROVE]

Summary: The City of Selma has been designated the preferred location for the FCRTA maintenance facility. Staff has entered into a purchase agreement for the site with a leaseback agreement for a portion of the site with the existing City of Selma Fire Department training facility located at 1821 Pacific Avenue, Selma totaling 3.67 acres. The Board approved in September for staff to pursue negotiations for the surrounding three (3) parcels to construct the maintenance facility and provide space for the 100 plus vehicle fleet, a CNG fast fill fueling station, an electric vehicle (EV) charging area and vocational center for bus repair and new technology training. Staff has pursued negotiations with the private property owner to purchase the middle parcel of 1.41 acres for the maintenance facility and vehicle fleet.
In addition, FCRTA needs to move forward with a Phase I Environmental Site Assessment (ESA) for the middle parcel as well as the other two (2) remaining parcels when staff is able to negotiate the purchase for all parcels. A Phase I ESA was previously advised by FCRTA’s real estate legal counsel, Best, Best & Krieger (BBK) for the 3.67 acres. The land parcel map and Phase I ESA Proposal are attached for your review (ATTACHMENT).

**Action:** Staff recommends Board approval for the purchase of the middle parcel of 1.41 acres for $200,000. Staff also recommends Board approval of the Phase I ESA ($2,575.00) for the middle parcel which includes the two (2) other remaining parcels when FCRTA is able to purchase the remaining parcels.

3. ACTION ITEMS

A. STATE OF GOOD REPAIR APPLICATION [APPROVE]

FCRTA is proposing a project submittal for $284,279 in State Transit funding thru SB1 State of Good Repair Application (SGR) to fund the land purchase and a new bus maintenance facility with a CNG fast-fill fueling station and EV charging station area in addition to the local match of $2,100,000.00 of Measure C carry over and $287,482 from the 2017-18 State of Good Repair funds which brings the total to approximately $2,671,761. We have attached the application for your review.

Councilmember Beck (Reedley) had a question for Moses- he understands that there will be a change with this. Are we still going to be allowed to use CNG after the fossil fuel situation?

Moses replied they will because of ARB is pushing the zero emission vehicles at 100%, the CNG is close to 100% but not quite at 100% it’s more at 96% and renewable natural gas and CNG are still going to be viable options. FCRTA is in the process of upgrading the CNG stations in your maintenance yards. We are going to open a fast fill location one toward the farther east and the other farther west of Fresno County.

A motion was made by Mayor Cardenas (Fowler) and second by Mayor Pro Tem Robertson (Selma). A vote was called and motion carried.

B. ACQUISITION OF ADDITIONAL LAND IN THE CITY OF SELMA FOR MAINTENANCE FACILITY [APPROVE]

Moses requested authorization to have staff look at the other parcels adjacent to the parcel we are purchasing from the City of Selma. Selma Unified is adjacent to the parcel that we are currently in the process of obtaining. Mayor Pro Tem Silva (Mendota) was part of this committee that we went to. We are looking at the adjacent three parcels next to the one that we are going to purchase from the City of Selma which is 3.67 acres. I have spoken to the landowners and they have been in touch with the City of Selma. Their concern was where was the Fire Training Station relocating to.

I would like to get the Board’s direction so we could move forward with the other 3 other parcels that would make it 10 acres equal to the Selma Unified School District.
Mayor Roman (Kingsburg) inquired if Moses had pursued the schools regarding the vocational school. Moses replied the State & Electrify America is interested and the schools will be contacted.

Mayor Pro Tem Dhaliwal (San Joaquin) asked Moses about numbers to the specific parcels? Moses responded it would range approximately $250,000 for the 3.6 acres through the City of Selma with relocation of the training fire station we are looking at approximately $400,000 - $600,000 for the other acreage/parcels.

Mayor Pro Tem Dhaliwal (San Joaquin) asked if it is one party. Moses replied it is 3 different parcels with 3 different parties—one party is interested in selling however it wouldn’t be until the first of the year due to taxes. Moses let the party know he would take it to the Policy Board to get direction.

Mayor Pro Tem Dhaliwal (San Joaquin) asked if FCRTA need one additional parcel? Moses responded that FCRTA needed the three parcels.

Mayor Pro Tem Silva (Mendota) asked if this was the one that he went to the Countywide Oversight Board and took action, is that the same address? Moses said it is the same address but different parcels, Mayor ProTem (Mendota) wanted to know if that was the same one that he had voted on and if he would be abstained from voting on this issue. Moses replied he would be able to vote on this as well.

Mayor Pro Tem Dhaliwal (San Joaquin) added the vision for this is to expand the maintenance and add vocational programs as well.

A motion was made by Council Member Beck (Reedley) and second by Mayor Pro Tem Robertson (Selma). A vote was called and motion carried.

C. RURAL TRANSIT SERVICE FARE INCREASE [APPROVE]

Moses advised the Board that FCRTA has not had a fare increase since the rural transit service began in 2014 and would like to increase the fares for the Rural Transit from $2.50 to $5.00. Mayor Roman (Kingsburg) was concerned about the increase and how it would affect the residents? Mayor Lopez (Orange Cove) also agreed with Mayor Roman (Kingsburg).

Moses and the all Mayors came to an agreement the increase would be from $2.50 to $3.00 effective October 29, 2018 and the fares would be increased incrementally.

A motion was made by Mayor Cardenas (Fowler) and second by Mayor Lopez (Orange Cove). A vote was called and motion carried.

4. ELECTION

All board members voted to keep the same members in office.

A motion was made by Mayor Lopez (Orange Cove) and second by Mayor Pro Tem Robertson (Selma). A vote was called and motion carried.

A. Staff

Janelle Del Campo let the board know that on Wednesday, September 26th, FCRTA provided a tour and presentation to a group of over 20 people that included local air district staff as well as other air district and CARB staff from all over the state. The tour was given in one of our 40ft Proterra electric buses and we stopped in Fowler at one of the solar arc charging stations and they were able to see one of the Zenith electric vans that was in service at the time in Fowler. We also stopped in Selma to show another solar arc, solar bus shelter, dispatching center and our future maintenance facility. The group shared that they were very impressed and had a great time on the tour and we hope that it leads to more future funding.

RE: Proposal/Cost Estimate
Phase I Environmental Site Assessment
Acquisition Properties
APNs 390-190-14S, -16S and -17S/5.47 Acres
Southeast of Valley View and Tucker Streets
Selma, California

Dear Mr. Stites:

Krazan & Associates, Inc. (Krazan) appreciates the opportunity to submit this Proposal/Cost Estimate to conduct a Phase I Environmental Site Assessment (ESA) for the referenced site (subject site). Krazan has been conducting engineering and environmental inspection services for 35 years and ranked among the Engineering News-Record Top 500 Design Firms in 2018 for the eighteenth year in a row. Krazan’s longevity is founded on excellent technical reporting and client satisfaction.

PURPOSE AND SCOPE

The Phase I ESA will be conducted in accordance with the current American Society for Testing and Materials (ASTM) Standard Practice for Environmental Site Assessments (E 1527-13) in accordance with the November 2005 Final Rule entitled “Standards and Practices for All Appropriate Inquiries” (AAI) as published by the U.S. Environmental Protection Agency (EPA).

COST AND TIMELINE

The Phase I ESA report can be completed within 20 to 25 business days upon Krazan’s receipt of written authorization to commence work for a fee of $1,700 plus $500 for limitation of liability extension to $1,000,000 for a total of $2200. The ESA will be conducted in accordance with Krazan’s Terms and Conditions described in the attached agreement.

Optional Environmental Lien Search: $195 for the first parcel and $90 for each parcel thereafter (identified by APN or address and depending on potential identification of separate property owners) in addition to Phase I ESA costs through AFX Corp, Inc. Costs for Environmental Lien Searches are optional and were not specified in estimated costs in this proposal. Please refer User’s Responsibilities for an explanation of the optional Environmental Lien Search and to the final page of the attached agreement to request or decline optional Environmental Lien Search.
DEVELOPABLES

The final copy of the Phase I ESA report will include an electronic copy and up to two bound copies upon request.

RELIANCE

At the request of Fresno County Rural Transit Agency we will issue a reliance letter authorizing a third party to rely on the contents of our report in support of your obtaining funding for the subject site. This reliance letter will be issued at no additional cost to you. Reliance letters may also be issued at Krazan & Associates’ discretion for additional lenders and/or parties requiring reliance on the content of our report for an additional fee equal to 10 percent of the cost for the report per relying party. Reliance letters will be issued in our standard format and will condition the authorization to rely on our report based on the third parties’ agreement to be bound to the terms and conditions of the Agreement between Fresno County Rural Transit Agency and Krazan & Associates as if the contract had been entered into by them directly. Krazan & Associates reserves the right to reject any requirement that we adopt and issue forms of reliance letters provided by lenders without the right to modify the document to comply with our business practices.

AUTHORIZATION

If this proposal meets with your approval, please sign and return the Agreement to us as our authorization to proceed. Please note that the limitation of liability clause under the heading of Risk Allocation on the enclosed Agreement is an integral part of our proposal and fee structure. This limitation of liability shall apply for services provided by Krazan & Associates on the subject project regardless of the form of agreement ultimately executed. The amount of the limitation may be negotiated for an additional fee. If a higher limitation is desired, please contact our office so a revised proposal can be prepared. Upon receipt of the signed contract, we will execute the Agreement and return a signed original for your files. Signing of the Agreement will indicate that an authorized agent of Fresno County Rural Transit Agency has reviewed the scope of services and determined that they do not need or want more services than are being proposed at this time. If there is a need for any change in the scope of services or schedule described in the proposal or in the standard contract, please call us immediately. Changes may require revision of the estimated fees.

In the event that the work is to be performed under an agreement originated by Fresno County Rural Transit Agency, the agreement or contract must be for the contracting of professional services. We request that a copy of the form of agreement be provided as soon as possible so that we can have an opportunity to review the terms without impacting scheduling of our services. Where work is to be authorized by Purchase Order, the Purchase Order must specifically incorporate this proposal by reference. By issuing a Purchase Order authorizing our services, it is agreed that the terms of the Purchase Order shall be null and void even where stated otherwise on the Purchase Order and that the terms of the attached Contract shall prevail. Should we be requested to start work prior to our receipt of a signed contract, your request to initiate services, which must be provided by fax or email, will indicate express or implied acceptance of the terms and conditions of our attached Agreement.

USER'S RESPONSIBILITIES

ESA

As the party seeking to use ASTM E 1527-13 to complete an ESA of the property, the client named herein as the user of the Phase I ESA has specific obligations for completing a successful application of this process. ASTM E 1527-13 states that certain tasks are required to be performed by the user that will help identify the possibility of recognized environmental conditions in connection with the subject site. These tasks do not require the technical expertise of an environmental professional and are generally not performed by the environmental professionals performing a Phase I ESA. Therefore, ASTM states that the user should either (1) engage a title company or title professional to undertake a review of reasonably ascertainable recorded land title records and lien records for environmental liens or activity and use limitations currently recorded against or relating to the property, or (2) request such an engagement of a title company or title professional from Krazan as an addition to this scope of work. According to ASTM, Chain of Title will not provide information regarding restrictions on title such as restrictive covenants, easements, or other types of activity and use limitations. Additionally, review of a Preliminary Title Report with attendant limitations may represent a data gap in the research. Consequently, costs proposed herein do not include procurement or review by Krazan of title report records or an environmental lien search for the subject site. However, Krazan offers the client the option to request a review of reasonably ascertainable recorded land title records and lien records as an additional task and cost as part of the attached proposal. An individual environmental lien search could be conducted for each different parcel comprising a subject site according to identification by assessor’s parcel numbers (APNs) or addresses. Costs for this additional service are estimated on page No. 1.

In order to qualify for one of the Landowner Liability Protections (LLPs) offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001 (the Brownfields Amendments), the user must provide the following information (if available) to the environmental professional. Failure to provide this information could result in a determination that all appropriate inquiry is not complete. The user is asked to provide information or knowledge of the following:

1. Please provide appropriate and timely access to the subject site.
2. Please complete a User Questionnaire.
3. Environmental cleanup liens that are filed or recorded against the site.
4. Activity and land use limitations that are in place on the site or that have been filed or recorded in a registry.
5. Specialized knowledge or experience of the person seeking to qualify for the LLPs.
6. Relationship of the purchase price to the fair market value of the property if it were not contaminated.
7. Commonly known or reasonably ascertainable information about the property.
8. The degree of obviousness of the presence or likely presence of contamination at the property, and the ability to detect the contamination by appropriate investigation.
AGREEMENT FOR PROFESSIONAL ENVIRONMENTAL SITE ASSESSMENT CONSULTING SERVICES

THIS AGREEMENT is made by and between KRAZAN & ASSOCIATES, INC., hereinafter referred to as “Consultant”, and Fresno County Rural Transit Agency, 2035 Tulare Street, Suite 201, Fresno, California, hereinafter referred to as “Client.” This Agreement between the parties consists of the TERMS AND CONDITIONS (below), the attached PROPOSAL titled “Phase I Environmental Site Assessment, Acquisition Properties, APNs 390-190-145, -165 and -175/5.47 Acres, Southeast of Valley View and Tucker Streets, Selma, California,” file number P18-334, dated October 15, 2018 ("PROPOSAL"), and any exhibits or attachments cited in the PROPOSAL, which are incorporated in full by this reference. This Agreement, executed in Clovis, CA, is effective as of the date this Agreement is countersigned by Krazan & Associates, Inc or the date on which Consultant initiates services as scheduled by Client, whichever occurs earlier. The parties agree as follows:

1. DEFINITIONS
   1.1. Day(s), Calendar day(s) unless otherwise stated.
   1.2. Hazardous Materials. The term Hazardous Materials means any toxic substances, chemicals, radioactivity, pollutants or other materials, in whatever form or state, known or suspected to impair the environment in any way whatsoever. Hazardous Materials include, but are not limited to, those substances defined, designated or listed in any federal, state or local law, regulation or ordinance concerning hazardous materials, toxic substances or pollution.
   1.3. Services. The professional services provided by Consultant as set forth in this Agreement, the Scope of Services and any written Change Order, Task Order or amendment to this Agreement.
   1.4. Fee Schedule. Consultant’s standard annual fee schedule unless project specific fee schedule is provided.
   1.5. Governmental Agencies. All federal, state and local agencies having jurisdiction over the Project.

2. SCOPE OF SERVICES
Consultant will perform the Scope of Services set forth in the attached PROPOSAL.

2.1. Optional Services. As stated in Consultant’s PROPOSAL, the performance of Environmental Lien Search services is optional and requires specific authorization by Client if environmental lien searches are to be performed. Client shall designate if Environmental Lien Search services are to be provided as an additional service or are not to be provided by Consultant in Section 19, below.

2.2. Changes in Scope. If Consultant provides Client with a writing confirming a change in the PROPOSAL or the Services, it will become an amendment to this Agreement unless Client objects in writing within 5 business days after receipt. All Services performed by Consultant on the Project, whether requested and/or authorized by Client by oral or written communication, are subject to the terms and limitations of this Agreement. If Services are performed, but the parties do not reach agreement concerning modifications to the PROPOSAL, Services or compensation, then the terms and limitations of this Agreement apply to such Services, except for the payment terms. The parties agree to resolve disputes concerning modifications to scope or compensation pursuant to Section 15, “Disputes.”

2.3. Licenses. Consultant will procure and maintain business and professional licenses and registrations necessary to provide its Services.

2.4. Excluded Services. Consultant’s Services under this Agreement include only those Services specified in the PROPOSAL.

2.4.1. General. Client expressly waives any claim against Consultant resulting from its failure to perform recommended additional Services that Client has not authorized Consultant to perform, and any claim that Consultant failed to perform services that Client instructs Consultant not to perform.

2.4.2. Biological Pollutants. Unless identified as the specific subject of the Consultant’s PROPOSAL, Consultant’s PROPOSAL specifically excludes the investigation, detection, prevention or assessment of the presence of Biological Pollutants. The term “Biological Pollutants” includes, but is not limited to, molds, fungi, spores, bacteria, viruses, and/or any of their byproducts. Consultant’s PROPOSAL will not include any interpretations, recommendations, findings, or conclusions pertaining to Biological Pollutants. Client agrees that Consultant has no liability for any claims alleging a failure to investigate, detect, prevent, assess, or make recommendations for preventing, controlling, or abating Biological Pollutants. Furthermore, Client agrees to defend, indemnify, and hold harmless Consultant from all claims by any third party concerning Biological Pollutants, except for damages caused by Consultant’s sole negligence.

2.5. Changes in Schedule. Because of the uncertainties inherent in the Services contemplated, time schedules are only estimated schedules and are subject to revision unless otherwise specifically stated in the PROPOSAL.

3. PAYMENTS TO CONSULTANT

3.1. Basic Services. Consultant will perform all Services set forth in the attached PROPOSAL, exclusive of the Optional Services as identified in the PROPOSAL and paragraph 2.1 above, on a lump sum/fixe fee basis as set forth therein.

3.2. Additional Services. Any additional services performed under this Agreement will be provided on a time and materials basis above and beyond any prior quoted estimate, not-to-exceed or lump sum fee unless otherwise specifically agreed to in writing by both parties.

3.3. Estimate of Fees. Consultant will, to the best of its ability, perform the Services and accomplish the objectives defined in this Agreement within any written cost estimate provided by Consultant. Client recognizes that changes in scope and schedule, and unforeseen circumstances can all influence the successful completion of Services within the estimated cost. The provision of an estimate of fees or a cost estimate is not a guarantee that the Services will be completed for that amount; Consultant’s Services shall continue on a time and expense basis to completion unless directed otherwise by Client. Furthermore, where a provision of a “not to exceed” limitation is included in the proposal it is not a guarantee that the Services will be completed for that amount; rather, it indicates that Consultant will not incur fees and expenses chargeable to Client in excess of the “not to exceed” limitation amount without notifying Client in writing that the “not-to-exceed” amount has been reached and that Services will continue on a time and materials basis unless directed by Client to discontinue any further Services.

3.4. Rates. Consultant will pay Consultant at the rates set forth in the Fee Schedule.

3.4.1. Changes to Rates. Client and Consultant agree that the Fee Schedule is applicable only through December 31 of the year published, unless stated otherwise in the PROPOSAL, and is subject to periodic review and amendment, as appropriate to reflect Consultant’s then-current fee structure. Unless otherwise provided for in the PROPOSAL, where projects are on-going beyond December 31 of the year the services were initiated, the rates presented in the PROPOSAL and Fee Schedule are subject to an annual cost of living adjustment based on the consumer price index for the geographic area where our services are being provided. In the event that the cost of fuel increases 10 percent or more over the course of the project a fuel surcharge may be imposed to recoup the added costs incurred by Consultant. Consultant will give Client at least 30 days advance notice of any changes. Unless Client objects in writing to the proposed amended fee structure within 30 days of notification, the amended fee structure will be incorporated into this Agreement and will then supersede any prior fee structure. If Client timely objects to the amended fee structure, and Consultant and Client cannot agree
upon a new fee structure within 30 days after notice, Consultant may terminate this Agreement and be compensated as set forth under Section 14, “Termination.”

3.5 Payment Timing: Late Charge. Consultant shall invoice Client no more frequently than once per month for Services rendered. All invoices are due and payable upon receipt. Upon Consultant’s approval of Client for 30-day payment terms Client shall pay undisputed portions of each progress invoice within thirty (30) days of the date of the invoice. The invoice amounts shall be presumed to be correct unless Client notifies Consultant in writing. If Client objects to any or all portion of any invoice, Client will so notify Consultant in writing within fourteen (14) calendar days of the invoice date, identify the cause of disagreement, and promptly pay when due that portion of the invoice not in dispute. The parties will immediately make every effort to settle the disputed portion of the invoice. In the absence of written notification described above, the balance as stated on the invoice will be paid. Payment thereafter will first be applied to accrued late payment charges interest on unpaid undisputed charges and then to the unpaid principal amount. Consultant reserves the right to apply payments to Client’s outstanding invoices from oldest to most recent, regardless of project or invoice designation on checks received. All amounts unpaid when due will include a late payment charge from the date of the invoice, at the rate of 1-1/2% per month or the highest rate permitted by law on the unpaid balance from the invoice date until the invoice is paid. Consultant reserves the right to require payment in full on any and all invoices on Client’s account regardless of project prior to releasing field notes, laboratory test data, photographs, analyses and/or reports. All undisputed amounts due to Consultant by Client shall be paid in full prior to Consultant’s release of final reports or other required forms of certified or verified reports. If the account becomes delinquent, the Client will reimburse Consultant for all time spent and expenses (including fees of any attorney, collection agency, and/or court costs) incurred in connection with collecting any delinquent amount. Consultant shall not be bound by any provision or agreement conditioning Consultant’s right to payment upon payment by a third party. In the event of a legal action for invoice amounts not paid, attorneys’ fees, court costs, and other related expenses shall be paid to the prevailing party. Client’s failure to pay Consultant when due the failure to pay will constitute a substantial failure of Client to perform under this Agreement and Consultant will have the right to stop all current work and withhold letters, reports, or any verbal consultation until the invoice is paid in full. In the event that Client fails to pay Consultant within sixty (60) days after any invoice is rendered, Client agrees that Consultant will have the right to consider the failure to pay Consultant’s invoice as a breach of this Agreement. If the Client requests back-up data or changes to the format of the standard invoice, an administrative fee of $100 per invoice may be charged plus $1 per page of back-up data.

4. PERFORMANCE OF PERFORMANCE; DISCLAIMER OF WARRANTIES

4.1. Standard of Care. Subject to the limitations inherent in the agreed Scope of Services as to the degree of care, the amount of time and expenses to be incurred, and subject to any other limitations contained in this Agreement, Consultant may perform its Services consistent with that level of care and skill ordinarily exercised by other professional Consultants practicing in the same locale and under similar circumstances at the time the Services are performed. No other representation and no warranty or guarantee, express or implied, is included or intended by this Agreement or any report, opinion, document, or other instrument of service.

4.2. Level of Service. Consultant offers different levels of professional consulting services to suit the desires and needs of different clients. Although risk associated with site acquisition or development can never be eliminated, more detailed and extensive investigations yield more information. It is for these reasons that Client must determine the level of Services adequate for its purposes. Client has reviewed the PROPOSAL and has determined that it does not need or want a greater level of Services than that specifically identified in the PROPOSAL.

4.3. No Warranty. Client recognizes the inherent risks connected with property transactions and site development, and understands when signing that those risks are not entirely eliminated through the services of Consultant. Client recognizes that opinions relating to geologic or environmental conditions, including those associated with air, soil and groundwater, are based on limited data and that actual surface and subsurface conditions may vary from those observed at locations where borings, surveys, or explorations are made. Client also recognizes that site conditions may change with time, conditions may vary from those encountered at the times when and locations where the data are obtained, despite the use of due professional care. Therefore, in signing this Agreement the Client understands that Consultant is not providing a warranty or assurance as to the conditions throughout the site. This Agreement neither makes nor intends a warranty or guarantee, express or implied, of any type nor does it create a fiduciary responsibility to Client by Consultant.

5. CLIENT’S RESPONSIBILITIES

In addition to payment for the Services performed under this Agreement, Client agrees to:

5.1. Cooperation. Assist and cooperate with Consultant in any manner necessary and within its ability to facilitate Consultant’s performance under this Agreement.

5.2. Representative. Designate a representative with authority to receive all notices and information pertaining to this Agreement, communicate Client’s policies and decisions, and assist as necessary in matters pertaining to the Project and this Agreement. Client’s representative will be subject to change by written notice.

5.3. Rights of Entry. Provide access to and/or obtain permission for Consultant to enter upon all property, whether or not owned by Client, as required to perform and complete the Services. Consultant will operate with reasonable care to minimize damage to the Project Site(s) and any improvement located thereon. However, Client recognizes that Consultant’s operations and the use of investigative equipment may unavoidably alter conditions or affect the environment at the existing Project Site(s). The cost of repairing such damage will be borne by Client and is not included in the fee unless otherwise stated in the PROPOSAL. If client desires or requires Consultant to restore the site to its former condition, upon written request Consultant will perform such additional work as is necessary and Client agrees to pay to Consultant the cost thereof.

5.4. Relevant Information. Supply Consultant with all information and documents in Client’s possession or knowledge which are relevant to Consultant’s Services. Client warrants the accuracy of any information supplied by it to Consultant, and acknowledges that Consultant is entitled to rely upon such information without verifying its accuracy. 8. ALLOCATION OF RISK
8.1. Limitation of Liability. The total cumulative liability of Consultant, its subconsultants and subcontractors, and all of their respective shareholders, directors, officers, employees and agents (collectively “Consultant Entities”), to Client and its successors, all parties included as additional insured on Consultant’s insurance policies, those parties granted report reliance rights by Consultant, and all of their respective shareholders, directors, officers, employees and agents (collectively “Client Entities”) arising from or relating to Services under this Agreement, including attorney’s fees due under this Agreement, will not exceed the gross compensation received by Consultant under this Agreement or one million dollars ($1,000,000.00), whichever is greater; provided, however, that such liability is further limited as described below. This limit is an aggregate limit with respect to all services on the project, whether provided under this, prior or subsequent agreements, unless modified in writing, agreed to and signed by authorized representatives of the parties. This limitation applies to all lawsuits, claims or actions that allege errors or omissions in Consultant’s Services, whether alleged to arise in tort, contract, warranty, or other legal theory. Upon Client’s written request, Consultant and Client may agree to increase the limitation to a greater amount in exchange for a negotiated increase in Consultant’s fee, provided that they amend this Agreement in writing as provided in Section 16. Consultant Entities and Client Entities also agree that the Client Entities will not seek damages in excess of the limitations indirectly through suits with other parties who may join Consultant as a third-party defendant.

8.2. Indemnification. Client will indemnify, defend and hold harmless Consultant, its subconsultants and subcontractors, and all of their respective shareholders, directors, officers, employees and agents (collectively “Consultant Entities”) from and against any and all claims, suits, liabilities, damages, expenses (including without limitation reasonable attorney’s fees and costs of defense) or other losses (collectively “Losses”) to the extent caused by the negligence of Client, its employees, agents and contractors. In addition, except to the extent caused by Consultant’s negligence, Client waives any claim against Consultant, and to the maximum extent permitted by law, expressly agrees to defend, indemnify and hold harmless Consultant Entities from and against any and all Losses, arising from or related to the existence, disposal, release, discharge, transportation or transportation of Hazardous Materials, or the degradation of the environment due to the presence, discharge, disposal, release of or exposure to Hazardous Material.

8.3. Consequential Damages. Neither Client nor Consultant will be liable to the other for any special, consequential, incidental or penal losses or damages of whatever nature including but not limited to losses, damages or claims related to the unavailability of property or facilities, shutdowns or service interruptions, loss of use, loss of profits, loss of revenue, or loss of inventory, or for use charges, cost of capital, or claims of the other party and/or its customers, which may arise directly or indirectly as a result of the Services provided by Consultant under this Agreement.

8.4. Continuing Agreement. The provisions of this Section 8, “Allocation of Risk,” will survive the expiration or termination of this Agreement. If Company provides Services to Client that the parties do not confirm through execution of an amendment to this Agreement, the provisions of this Section 8 will apply to such Services as if the parties had executed an amendment.

8.5. No Personal Liability. Client and Consultant intend that Consultant’s Services will not subject Consultant’s individual employees, officers or directors to any personal liability. Therefore, notwithstanding any other provision of this Agreement, Client agrees as its sole and exclusive remedy to direct or assert any claim, demand or suit only against the business entity identified as “Consultant” on the first page of this Agreement.

Accordingly, all Documents and information provided by Consultant
in electronic media are for informational purposes only and not as final documentation; the paper original issued by Consultant will remain the final documentation of the Services.

10.5. Unauthorized Reuse. No party other than Client may rely, and Client will not represent to any other party that it may rely on Documents without Consultant’s express prior written consent and receipt of additional compensation. Client will not permit disclosure, mention, or communication of, or reference to the Documents in any offering circular, securities offering, loan application, real estate sales documentation, or similar promotional material without Consultant’s express prior written consent. Client waives any and all claims against Consultant resulting in any way from the unauthorized reuse or alteration of Documents by itself or anyone obtaining them through Client. Client will defend, indemnify and hold harmless Consultant from and against any claim, action or proceeding brought by any party claiming to rely upon information or opinions contained in Documents provided to such person or entity, published, disclosed or referred to without Consultant’s prior written consent.

If the matter is referred to arbitration, the arbitration shall be conducted in Fresno County, California. The arbitrator shall be appointed within 60 days of the arbitrators’ receipt of a written request to arbitrate the dispute. The arbitrator shall be authorized to provide all recognizable remedies available in law or equity for any cause of action that is the basis of the arbitration (to the extent such remedy is not otherwise precluded under this Agreement), provided that (i) the arbitrator shall not have the authority to award punitive damages, and (ii) each party shall bear its own costs and attorney’s fees related to the arbitration.

16. MISCELLANEOUS
16.1. Integration and Severability. This Agreement reflects the entire agreement of the parties with respect to its terms and conditions, and supersedes all prior agreements, whether written or oral. If any portion of this Agreement is void or voidable, such portion will be deemed stricken and the Agreement reformed to as closely approximate the stricken portions as the law allows. If any of the provisions contained in this Agreement are held illegal, invalid, or unenforceable, the enforceability of the remaining provisions will not be impaired.

16.5. Waiver. The waiver of any term, conditions or breach of this Agreement will not operate as a subsequent waiver of the same term, condition, or breach. One or more waivers of any term, condition or covenant by either party shall not be construed as a waiver of any other term, condition or covenant.
16.6. Survival. These terms and conditions survive the completion of the Services and/or the termination of this Agreement, whether for cause or for convenience.
16.7. Warranty Of Authority To Sign, Personal Guarantee. The person signing this contract warrants that he/she has authority to sign on the behalf of the Client for whose benefit Consultant’s services are rendered. 17. HAZARDOUS MATERIALS RISKS

Client recognizes that Consultant’s failure to detect the presence of hazardous materials at a site, even though Consultant performed its services in accordance with the Standard of Care, does not guarantee that hazardous materials do not exist at the site. Client recognizes that the state of practice, particularly with respect to contaminated site and materials conditions, is changing and evolving. While Consultant is required to perform in reasonable accordance with the standards in effect at the time the services are performed, it is recognized that those standards may subsequently change because of improvements in the state of practice. Client agrees to waive any claim against Consultant and agrees to defend, indemnify, and hold Consultant harmless from claims or liability for injury or loss arising from Consultant’s failure to detect the presence of hazardous materials through techniques commonly employed for the purpose.
