SECTION I: INTRODUCTION

Consolidated Transportation Service Agencies (CTSAs) were created by Assembly Bill 120 (AB 120) in 1979. CTSAs were created for the purpose of improving coordination and consolidating social service transportation services in each California County. The AB 120 legislation led to the creation of the AB 120 Action Plan by the Council of Fresno County Governments (FCOG) in 1982. This 1982 AB 120 Action Plan created three CTSAs for Fresno County: 1) Clovis Urban Area—City of Clovis sole designee of this CTSA; 2) Fresno Metropolitan Area—City of Fresno/Fresno Area Express (FAX) and Fresno Economic Opportunities Commission (Fresno EOC) co-designee of this CTSA; and 3) Rural Fresno County—Fresno County Rural Transit Agency (FCRTA) and Fresno EOC co-designees of this CTSA.

In 2020, the FCOG re-designated the CTSA's in the following: FCRTA is now the sole designee for Rural Fresno County and administers the funding, activities, and transportation programs of all CTSA service providers in Rural Fresno County and the City of Fresno/FAX is the sole designee for the Fresno Metropolitan Area and administers the funding, activities, and transportation programs of all CTSA service providers within the Fresno Metropolitan Area. On April 03, 2023, FCRTA and FAX issued a Request for Proposals (RFP) which invited proposals from service providers, especially social service transportation providers interested in providing eligible services and activities that support social service transportation within Fresno County.

Fresno EOC submitted this proposal to FCRTA and the City of Fresno/FAX in response to the April 03, 2023, RFP. Fresno EOC has previously partnered with FCRTA and FAX in operating the Consolidated Transportation Service Agency (CTSA) and has been providing social service transportation since 1982. Fresno EOC has made available its relationships with many other social service agencies in providing CTSA services and will continue to do so with this proposal response.

This proposal outlines how Fresno EOC Transit Systems will use its partnerships with eleven other social service agencies or programs to enhance transportation to more individuals using the resources provided by FCRTA and FAX. These contracts include services for low-income school children, low-income adults, elderly adults, and disabled adults. Each of the twelve service agreements serve specific groups in Urban Fresno, Rural Fresno County, or both. The proposed budget includes detailed revenues and expenses accounted for separately for each service in the urban and/or rural areas. Under this proposal, personnel and overhead expenses are shared between the various partnerships and services.

While each service agreement (contract) has its own revenues and expenses, they each also have unique match requirements and terms (one, two or three years). The support proposed from the CTSA Local Transportation Fund (LTF) for any one service is based on the balance of needs between all other services included in the urban or rural CTSA operation.

This proposal is intended to assist FCRTA & FAX in meeting the following purposes:

 Provide a program of operations, including an implementation schedule for new and/or modified services and a program budget for CTSA coordinated and consolidated social service transportation services for the program year July 1, 2023, through June 30, 2024.

- 2. Serve as a resource document for local elected officials, social service agencies and the general public.
- 3. Demonstrate the proposed CTSA's compliance with Section 99275.5 of the Public Utilities Code concerning Transportation Development Act (TDA) Local Transportation Funds (LTF) Article 4.5 claim evaluation criteria and required findings and with the COG Assembly Bill AB 120 Action Plan adopted February 1982 and as amended in April 1990.
- 4. Document efforts to improve coordination and consolidation of social service transportation services in order to:
 - A. Demonstrate compliance with Chapter 1120 of the 1979 California Statutes by addressing and substantiating which of the coordination benefits specifically listed in the legislation should be pursued by the CTSAs in the Fresno Metropolitan Area and Rural Fresno County.
 - B. Create additional opportunities to utilize supplemental grant funding available from federal, state, and local assistance programs to support social service transportation services by demonstrating that "coordination criteria" have been addressed.

SECTION II: GOAL, OBJECTIVES, AND POLICIES

Through its contracts with FCRTA and FAX, Fresno EOC Transit Systems as a contractor will address the following CTSA goal, objectives, and policies delineated in Chapter 1120 of the 1979 California Statutes and the Assembly Bill 120Action Plan. These are as follows:

Goal

PROVIDE SAFE, RELIABLE TRANSPORTATION FOR AGENCIES BY PROMOTING IMPROVED COORDINATION AND CONSOLIDATION OF AVAILABLE RESOURCES.

Objectives

- Centralize administration to eliminate duplicative administrative requirements.
- Identify and consolidate all sources of funding to provide more effective and costefficient services.
- Centralize dispatching for more efficient vehicle use.
- Centralize maintenance for adequate, regular, and more cost-effective vehicle maintenance.
- Implement an exemplary driver-training program for safer vehicle operation and lower insurance costs.
- Combined purchasing and pricing bid/quotes for more effective cost savings.

Policies

- Fresno EOC's centralized administration will utilize, to the maximum extent possible, existing public and private administrative capabilities and expertise.
- The following policies provide a framework for developing a sound public transportation system throughout Fresno County. They expand upon previously stated overall Regional Transportation Plan (RTP) goals, objectives and policies and are more specifically targeted toward the public and social services transportation system. Fresno EOC will work with the CTSAs (FAX & FCRTA) to continue the following policies:
 - I. Pursue expanded federal, state, and local funding for social service transportation.
 - II. Provide transportation to the eligible agencies within defined service areas, focusing on transportation needs of low-income, elderly, and disabled persons.
- Support coordination and consolidation of social service transportation and promote effective and efficient use of existing resources. This will include seeking partnerships

with more social service agencies in Fresno County.

- Encourage safety, appropriate frequency of bus service, reasonable fares, and the provision of adequate service to satisfy transportation needs which are determined to be reasonable to meet.
- Incorporate a variety of public transportation services and vehicles, as warranted, throughout the County.
- Encourage the private sector to engage in the provision of public transportation services.
- Advantages and disadvantages of projects are considered; factors include economic, environmental, and social factors.
- Existing sources of funding utilized prior to the Social Service Transportation Improvement Act (Assembly Bill 120) shall, to the maximum extent possible, be continued.
- Consolidation of services shall, to the maximum extent possible, utilize existing agency operating and maintenance personnel and expertise.
- FCRTA and FAX will utilize their regulatory role over Transportation Development Act
 (TDA) funds by monitoring and evaluating the performance of the CTSAs through the
 TDA claim process, an annual financial audit, an annual productivity evaluation, a
 triennial performance audit, and the CTSAs' compliance with the AB 120 Action Plan.
- FCRTA and FAX, as part of their on-going transportation planning process, which includes review by various technical committees, shall review CTSA designates' compliance with the AB 120 Action Plan annually, at a minimum.
- FCRTA and FAX will continue to encourage members to evaluate their financial commitments to local social service projects (which either in full or in part provides transportation services) and make appropriate recommendations for proper coordination with the CTSA to maximize the effective use of local transportation dollars.
- FCRTA and FAX will insure overall TDA/LTF Article 4.5 funds will not be expended without the minimum match requirement with other available funds to the CTSA.
- Fresno EOC as the lead social service agency under the CTSAs will maintain, at a minimum, an overall farebox revenue-to-operating cost ratio of fifty-five percent (55%) for all CTSA transportation services. The required fare box revenue may consist of fares, donations and/or social service agency revenues.
- Fresno EOC will evaluate all the Rural and Urban agencies within CTSAs annually and forward the information as appropriate to the FCOG's Social Services Transportation Advisory Council (SSTAC) Productivity Evaluation Committee. SSTAC evaluation shall

include recommendations regarding changes and improvements in existing CTSA services. The SSTAC shall be responsible for reviewing performance standards to be used in the evaluation process. Performance standards shall take into consideration the special needs that are being responded to by the CTSA and the goals of AB 120. The SSTAC evaluation process shall take place prior to the annual submission of the OPB to the COG to allow for the inclusion of any SSTAC recommendations in the OPB.

SECTION III: OVERVIEW OF SOCIAL SERVICE TRANSPORTATION

Social Service Transportation Objectives

It is the goal of the Fresno Rural and Urban CTSA administered by FCRTA and FAX to work toward improved social service transportation through coordination and consolidation of transportation services. The Fresno urban and rural CTSAs will work to achieve the following six objectives:

- Centralized Administration
- Consolidated Funding
- Centralized Dispatching
- Centralized Maintenance
- Driver Training Programs
- Combined Purchasing

Fresno EOC, as the lead social service agency, will be the liaison between the social service contracts and agencies participating in the Social Service Transportation program and reporting to the City of Fresno and FCRTA, as public agencies to provide public accountability for Social Service Transportation operations.

Fresno EOC's contracted companies and agencies are composed of social service agencies operating various social service programs. Fresno EOC attempts to maximize resource utilization while responding to needs through the coordination of existing resources combined with new resources. Going forward, a major goal and objective of FCRTA and FAX as the Fresno Rural and Urban CTSAs is to increase the number of social service agencies that Fresno EOC will contract with and form partnerships within Fiscal Year 2023-24 and beyond.

Operational Objectives

Fresno EOC, on behalf of FCRTA and FAX, will continue to implement the coordination and consolidation objectives, as follows:

Centralized Administration

Fresno EOC currently operates transportation services for numerous social service programs. Centralized administration of these contracts has resulted in the ability to amalgamate with other agencies to provide a broader-based and a more comprehensive view of service needs and objectives. This enhanced planning capability has resulted in a more effective utilization of available funds.

Fresno EOC has continued to serve as a technical advisor and clearinghouse for small community-based organizations and other governmental member agencies. Staff time

devoted to administration has been reduced and other cost savings have been affected as a result of increased technical expertise utilized in service planning and delivery.

For example, the Central Valley Regional Center (CVRC) requires transportation for approximately 450 consumers from home to approximately 18 locations. Centralized administration allows for CVRC staff and home providers to communicate with a single source to coordinate very complex operations each day.

Consolidation of Funding

Consolidating funding under the Fresno EOC contracts allows for economies of scale when purchasing capital equipment and leveraging funds for the operations. Fresno EOC anticipates receiving various operating revenues from social service agencies in FY 2023-24. These revenues contribute to the minimum required fare box match requirements of 55%. These match projected percentages include all non TDA funds as a match.

Consolidation of funds increases leverage in purchasing vehicles. As necessary, Fresno EOC applies for Federal Transportation Administration (FTA) Section 5310 Capital Grants to purchase new vehicles and other equipment, such as two-way radios, wheelchair lifts, and computer equipment and software, to keep the fleet current. Keeping the fleet up to date is important for the reliability of vehicle service to its customers; it also assists in maintaining a more constant vehicle maintenance expense and cost of maintenance per vehicle. Currently those FTA Grants are utilizing toll credits for the local match.

Centralized Dispatching

Fresno EOC has consolidated dispatching into one central center. The specific benefits of dispatch consolidation are the reduction of transferred calls, a better regional awareness within the County, consistency, expertise, economic and operational efficiencies and better accountability, data and customer service.

Fresno EOC employs up to eight dispatchers depending on demand with each station equipped with multi-line telephone systems and computers with dual monitors. The software system has scheduling, database, and mapping systems. Each dispatch station also has two-way radio microphones with separate audio listening devices, and various protocol references and quick reference procedures. The internet service is supported by fiber optic service lines for maximum speed and capacity. Bilingual dispatchers are on duty and several bilingual personnel are available for interpreting needs in several languages.

Centralized Maintenance

Fresno EOC began operation of a centralized maintenance facility on March 3, 1987. Fresno EOC offers a preventative maintenance program that provides on-site maintenance services. To accomplish this goal, all preventative maintenance work (defined as tune-ups, oil changes and lubes, complete brake work and other minor repairs) is performed at the Transit Systems maintenance service facility, located at

3110 W. Nielsen Avenue in Fresno, by professionally certified mechanics.

This preventative repair work is required by California Highway Patrol (CHP) regulations, and repairs are performed according to existing preventative maintenance schedules approved by the CHP for all motor carriers. All repairs are subsequently recorded and filed as approved by the California Motor Carrier Division for general record keeping and vehicle history documentation.

Additionally, the Fresno EOC maintenance department is currently utilizing maintenance tracking software, which has greatly enhanced record keeping and reporting capabilities. In April of 2022 Fresno EOC received a "satisfactory" rating from the California Highway Patrol (CHP) Motor Carrier Division, which is the highest rating given by the CHP. Transit Systems has earned this satisfactory rating each year since inception.

Fresno EOC continues to look to market its services to other social service agencies. Fresno EOC has entered into a contract with The Arc of Fresno and Madera Counties to provide preventative maintenance services to 70 ADA compliant vehicles. The facility has room to expand to meet increased demand, as well as accommodate the infrastructure for future electric vehicle needs. Fresno EOC continues to expand the preventative maintenance services to other external partners.

Transit Systems mechanic productivity and all vehicle repairs are entered into a vehicle maintenance software tracking program. Fresno EOC continues to offer very competitive labor rates for maintenance services. They provide all maintenance for the transit fleet as well as a few other Fresno EOC programs such as the ARC, Local Conservation Corps, Sanctuary, and support services program.

Service Schedule

All repairs and preventive maintenance services are scheduled based on the Daily Driver Pre-Trip Report forms which are turned in each day after routes are completed. These forms log the daily miles travelled and note any problems that the vehicle may have on a particular day. The service intervals are based on mileage or days, whichever comes first (school bus: 3,000 miles or 45 days; B- bus: 5,000 miles).

Labor Rate

The shop labor rate is set well below most regular shop labor rates due to operational efficiencies and non-profit status. All outside agencies will receive the lowest negotiated rate possible for their fleet size.

Equipment/Parts

The maintenance facility is equipped with tools such as scanners, brake lathes, high tonnage lifts, automated lube equipment, tire machinery and other necessary shop tools. The parts storage room is stocked with filters, alternators, specialty vehicle parts and various dealer items. Bids are taken annually to assure the best possible price and service.

Mechanics

The five mechanics have a combined experience of over 150 years and each mechanic is ASE Certified in various categories. All are capable of working on a variety of vehicles including gasoline, and diesel fueled.

Driver Training and Safety Programs

Fresno EOC has developed a comprehensive program for training, ongoing training, and new hires that are available to the City of Fresno, Fresno Area Express (FAX), the City of Clovis, the Fresno County Rural Transportation Agency (FCRTA), as well as various other transit agencies working within the CTSA.

Demand-response transit drivers are required to obtain a Special Driver Certificate through the California Highway Patrol. All drivers who seek a certificate or need to renew a certificate must be reviewed by the California Highway Patrol and approved by the DMV. Fresno EOC stand by drivers complete the California Department of Education's approved Bus Driving Course. Fresno EOC California State Certified Instructors are certificated through the Department of Education to teach this course.

Fresno EOC has successfully become part of FMCSA Training provider registry (TPR) and are federally registered for the Entry Level Driver Training (ELDT). To be listed on the TPR, training providers need to meet specific requirements addressing Curriculum, Facilities, Vehicles and equipment, and Instructors.

Fresno EOC has exceeded the FMSCA federal requirements and State requirements by giving original applicants more than the required training which consists of a minimum of 40 hours of total instruction. Training includes but is not limited to 20 hours of classroom and 20 hours of behind-the-wheel training. This course provides the individual with the information needed to become a professional commercial driver.

The minimum 20 hours of classroom instruction includes, but not limited to, knowledge of laws and regulations, defensive driving, specialized defensive driving, passenger loading and unloading and special needs for the developmentally disabled. This is to ensure efficient safe transportation and proper training to pass the state-required driving test.

All drivers who wish to keep their certificates current must acquire 10 hours of in-service each year and, when they are up for renewal, they must complete 10 hours of classroom training. Fresno EOC has an informative program to keep all its drivers current with their renewal requirements.

The study materials used are the current and up-to-date DMV California Driver handbook, DMV Commercial Handbook, Passenger Transportation Safety Handbook, Transportation Safety Institute, and other materials required for each lesson.

Fresno EOC conducts mandatory driver in-service meetings held five times a year. The mandatory driver in-service meetings are specialized training for the drivers. Topics covered include but not limited to defensive driving techniques, emergency procedures, passenger management, loading and unloading passengers safely, use of special

equipment such as wheelchairs, wheelchair lifts, wheelchair 7-point tie-downs, and vehicle safety and ADA and Cal/OSHA requirements. Drivers are informed of any new or existing laws or regulations that are added or changed.

One of the five meetings is hands-on training. This is where vehicles and events are planned, and drivers get hands-on training through demonstrations. One event may include a session on vehicle breakdowns or how to safely conduct yourself after being involved in an accident.

Other events may include bus evacuation demonstrations, blind spots tips and use of mirrors, wheelchair safety inspection, and wheelchair 7-point tie down system and wheelchair lift procedures.

Fresno EOC Transit Systems Training has a comprehensive program to keep its drivers' skills proficient. This includes yearly driving assessments to assess drivers' skills and safety. During the driving assessments, additional training is identified and scheduled.

The Safety Team consists of a Manager/Director, Agency Safety Coordinator, a Transit Supervisor, Union stewards or representatives, and two non-management employees, one of which is a mechanic. The Safety Team meets at least monthly. The goal of this team is to discuss on-the-job injuries and/or vehicle accidents prevention and keen an up-to-date Safety Program. This team has had a positive impact on Fresno EOC Transit Systems safety record. Fresno EOC encourages employees to offer safety suggestions. The Safety Team reviews all suggestions, and they are reviewed at the mandatory safety meetings.

Fresno EOC has a safety video library. The library consists of training videos and is expanding to ensure up-to-date education on vital safety procedures and the critical elements of safe driving.

The success of these trainings and efforts of the Safety and Training Manager has shown through in this past year. Fresno EOC has had some of the safest years ever at Transit Systems. Workers compensation injuries have also been almost non-existent due to the increased safety efforts of the new Safety and Training Manager.

Fresno EOC offers an instructional class in American Red Cross First Aid and Cardiopulmonary Resuscitation (CPR). The Safety and Training Manager is American Red Cross certified to teach First Aid, Cardiopulmonary Respiratory (CPR), and Automated external defibrillator (AED) for adult and pediatric. All drivers attend this course and every two years renew their certificate. This course teaches drivers to identify and eliminate potentially hazardous conditions in their environment, recognize emergencies and make appropriate decisions for first aid care. It teaches the knowledge and skills that individuals in the workplace need to know to give immediate care to an ill or injured person until more advanced medical care arrives.

Fresno EOC continues to be enrolled in the California Department of Motor Vehicles (DMV) Pull Notice Program. This program allows the employer to receive updated information on each driver. It is generated every 12 months. If a driver has any activity on his or her driving record, DMV will automatically generate a pull notice and send to

the employer.

The DMV Pull Notice Program enables Fresno EOC to identify drivers who may be receiving a suspension or revocation. The driver is informed about the actions and may take care of any situations before the suspension. If a suspension takes place, the employer can take measures to ensure the driver does not drive until the action is lifted.

Combined Purchasing

Social service transportation conforms to the purchasing policy as established by the Fresno EOC Finance Department and is reviewed by the Internal Auditors. Annual bidding is performed in order to compare market costs and utilize the lowest cost for goods and services. This bidding includes vehicle best quality at the parts, fuel, insurance policy coverages, and all other major goods and services. All goods and services over \$5,000 are purchased with a minimum of three (3) vendor quotes. Goods and services over \$75,000 require 3 written cost quotations. Any purchases over \$150,000 must follow formal bid purchases and be approved by the Fresno EOC Board.

Vehicle Procurement

Fresno EOC Transit Systems is consistently seeking to modernize its fleet through various public and private funding opportunities. During the 2021 Fresno COG FTA 5310 process, Fresno EOC applied and was selected to receive two (2) buses valued at \$270,000. As explained below, the average age of the fleet is 10+ years old, requiring significant investment in the years to come. Transit Systems is also looking into the possibility of leasing as it is a more cost-effective option to purchase new vehicles. Fresno EOC is currently in the process of developing an alternative fuel program, and as such is prioritizing the procurement of vehicles with greater fuel efficiency, including electric and natural gas vehicles and their respective infrastructures.

Fresno EOC has leased ten cargo vans for Food Service meal delivery. Transit has received five vehicles to date and is waiting for the additional five vehicles to be built. The cost of upkeep of the new vehicles will provide savings compared to the older vehicles.

Vehicle Inventory

Fresno EOC's Transit Systems' fleet, as of March 1, 2023, consists of the following:

Vehicle Description	Fuel Type	Number					
1. School Buses	Diesel	28					
2. Wheelchair Cutaway Vans	Gasoline	47					
3. Small Mini-Vans	Gasoline	5					
4. Meal Delivery Vans	Gasoline	24					
Total Vehicles 104							

Complete Vehicle Inventory is found in Exhibit A. As can be seen in Exhibit A, many vehicles will need to be replaced in the coming years and will be identified in a separate Fleet Analysis

currently being drafted.

Personnel

Fresno EOC operates the majority of the services included; however, a few of them (as noted in Contract Services) are operated independently and Fresno EOC is involved strictly to provide funding and administrative support. Transit Systems is staffed as follows:

Position	Number of Personnel
Transit Systems Director	1
Operations Manager	1
Safety & Training Manager	1
Road Safety Coordinator	2
Finance Manager	1
Contract General Manager	1
Vehicle Maintenance Manager	1
Administrative Assistant	1
Transit Supervisor I	1
Data Support Specialist	2
Route Planner/Scheduler	2
Dispatcher	7
Driver	78
Vehicle Detailer	2
Mechanic/Technician (Vehicle and CNG)	5
Program Assistant	1
Tota	107

The management team holds regularly scheduled management meetings to discuss operations, training, safety administrative issues and other items on the agenda.

SECTION IV: CONTRACT SERVICES

Urban Social Service Transportation Contracts

Fresno EOC coordinates and consolidates the following social service transportation in Fresno City under the direction of the City of Fresno:

- Central Valley Regional Center (CVRC)
- California Veterans Home (City of Fresno)
- Three Palms Mobile Home Park (City of Fresno)
- Fresno County Department of Behavioral Health (DBH)
- Fresno EOC Food Services
- Fresno EOC Head Start
- Special Trips for Social Service Agencies
- School District Gap Transportation
- On Demand Services
- The Arc of Fresno and Madera Counties
- United Cerebral Palsy of Fresno (UCP)

Rural Social Service Transportation Contracts

Fresno EOC coordinates and consolidates the following social service transportation in Fresno County under the direction of the FCRTA:

- Central Valley Regional Center (CVRC)
- Fresno EOC Head Start
- Fresno EOC Food Services
- Special Trips for Social Service Agencies
- On Demand Services
- The Arc of Fresno and Madera Counties
- United Cerebral Palsy (UCP)

Social Service Transportation Contract Descriptions

Fresno EOC's service contracts for FY 2023-24 are detailed as follows:

- Central Valley Regional Center (CVRC): Transit Systems will provide contract services
 with CVRC for weekday round-trip passenger service from the program's
 developmentally disabled consumer's residence to various training and educational
 sites throughout Fresno County. CVRC continues to pay for transportation services
 based on the number of clients currently being served. The client list is consistently
 growing. This service will be provided in both the urban and rural social service
 transportation operations
- California Veterans Home, West Park Residents & Three Palms Mobile Home Park (City of Fresno): Transit Systems will provide lifeline services to the California Veterans Home on South Marks, West Park Residents located 5 miles southwest of downtown Fresno, and the Three Palms Mobile Home Park on Golden State Avenue near Clinton Avenue. This service will be provided in the urban social service transportation operations. This service is a demonstration and will be reevaluated annually.
- Fresno County Department of Behavioral Health (DBH): Transit Systems will provide transportation for DBH clients residing in the City of Fresno between mental health facilities in the Central Valley. This service will be provided in the urban social service transportation operations.
- Fresno EOC Food Services: Transit Systems delivers meals to congregate meal sites for seniors and low-income children throughout Fresno County, as well as to homebound seniors. This service will be provided in both the urban and rural social service transportation operations.
- Fresno EOC Head Start: Transit Systems supports the Head Start program for low-income families with student transportation to sites that require that service. Up to twelve sites will need student transportation in the upcoming program year. This service will be provided in both the urban and rural social service transportation operations.
- Special Trips for Social Service Agencies: Fresno EOC will provide special transportation services for non-profit groups, such as the Fresno Farm Bureau, Head Start, Fresno County Department of Education, City of Fresno etc., upon availability of vehicles and driving personnel. Demand for these trips has increased exponentially, especially during the summer months. This service will be provided in both the urban and rural social service transportation operations.
- School District Gap Transportation: Fresno EOC will provide transportation services
 for students with physical and intellectual disabilities who are between 18 & 22 years
 of age. These individuals will transfer to CVRC after the age of 22. The transportation
 will be to program, work or other necessary locations. This service will be provided in
 the urban social service transportation operations.

- Taxi Scrip: The Measure C Senior Scrip program provides alternative, reliable and affordable transportation to Fresno County residents who are 70 years of age and older with transportation by Uber, Lyft, EOC transit, and participating taxi companies. Eligible seniors receive a 75% discount on ride fares by purchasing up to \$200 worth of senior scrip per month, in their choice of paper scrip for use with taxi rides, or in electronic credit for use with Lyft/Uber rides. Senior Scrip can be used as needed at any time, 24 hours a day, 7 days a week.
- On Demand Services: This service provides transportation for the elderly. Transit Systems will support the operations of On demand services with Local Transportation Fund (LTF) dollars. The rate at which these funds will be supplemented will not exceed 45% of their eligible operating expenses. This service will be provided in both the urban and rural social service transportation operations.
- The Arc Fresno/Madera Counties: This service provides transportation for people with intellectual and physical disabilities. Transit Systems will support the operations of Arc of Central California by supplementing their operating expenses with LTF dollars. The rate at which these funds will be supplemented will not exceed 45% of their eligible operating expenses. This service will be provided in both the urban and rural social service transportation operations. Transit Systems will also support The Arc by providing vehicle maintenance on 70 vehicles.
- United Cerebral Palsy of Fresno (UCP): This service provides transportation for people
 with physical and intellectual disabilities. Transit Systems will support the operations
 of UCP by providing supplementing their operating expenses with LTF dollars. The rate
 at which these funds will be supplemented will not exceed 45% of their eligible
 operating expenses. This service will be provided in both the urban and rural social
 service transportation operations.

SECTION V: BUDGET SUMMARY

The budget below for 2023-2024 totals \$6,210,667 for urban social service transportation and \$2,206,000 for rural social service transportation. The tables below show an overview of the expected revenue for FY 2022-2023, with a detailed budget provided in Exhibits F-1 and H-1.

Urban Social Service Transportation

Contract	CONTRACT REVENUE	TDA / LTF 4.5	Total
CVRC	\$3,182,000	\$900,000	\$4,082,000
FRESNO EOC HEAD START	\$139,000	\$40,000	\$179,000
ALL MEAL DELIVERY	\$523,000	\$140,000	\$663,000
SPECIAL TRIPS	\$328,000	\$81,000	\$409,000
CITY OF FRESNO - VETERANS HOME	\$215,825	\$58,200	\$274,025
CITY OF FRESNO - WEST PARK	\$2,225	\$600	\$2,825
CITY OF FRESNO - THREE PALMS	\$4,450	\$1,200	\$5,650
FRESNO COUNTY DBH	\$61,500	\$20,000	\$81,500
SD GAP TRANSPORTATION	\$26,000	\$21,000	\$47,000
ON DEMAND SERVICES	\$48,889	\$40,000	\$88,889
THE ARC FRESNO	\$103,889	\$85,000	\$188,889
UCP FRESNO	\$103,889	\$85,000	\$188,889
Totals	\$4,738,667	\$1,472,000	\$6,210,667

Rural Social Service Transportation

Contract	CONTRACT REVENUE	TDA / LTF 4.5	Total
CVRC	\$986,500	\$405,000	\$1,391,500
FRESNO EOC HEAD START	\$66,000	\$25,000	\$91,000
ALL MEAL DELIVERY	\$203,000	\$84,000	\$287,000
SPECIAL TRIPS	\$27,400	\$9,100	\$36,500
ON DEMAND SERVICES	\$36,667	\$30,000	\$66,667
ARC FRESNO	\$91,667	\$75,000	\$166,667
UCP	\$91,667	\$75,000	\$166,667
TOTAL BUDGET	\$1,502,900	\$703,100	\$2,206,000
